

MORPHEW SCHOOL OF DANCE PHOTOGRAPHY POLICY (Over 18s)

Throughout this policy, 'photography' refers to any images, whether moving or still including but not limited to DVDs, videos, photographic prints, slides and electronic image files.

Photography forms an important part of dance school life and, as a School, we like to keep a photographic record of our pupils dance-related efforts and achievements. We also produce promotional materials for newspapers, handouts, and exhibitions as well as our website. Video recording is mainly used for our shows, which are all professionally recorded and no footage or images are released without prior authorisation from a member of staff. In addition, teachers may well use photography as a teaching tool.

The School always tries to ensure that the photographs are only used for the purpose intended.

It is important that all pupils (over the age of 18) sign the attached release form and return it to their dance teacher to confirm that they agree to this policy.

Name of Pupil

Dance Teacher/s

I, the undersigned do hereby consent and grant permission to take photographs and/or video images and sound recordings of the above pupil in connection with their involvement with the Morphew School of Dance.

I further grant the perpetual right to use the finished pictures, negatives, and/or moving images of the above pupil into any materials produced by the Morphew School of Dance, including, but not limited to DVDs, videos, press articles and releases, and the School's website.
